PEACH AND PHEASANT GARDEN

The inspiration for Autumn Winter comes from cocooning in luxurious countryside houses.

Richly decorated interiors in Chinoiserie themed wallpapers and ceramics is a visual treat to the eyes in cold weather.

The yellow gold details of these interiors bring warmth of the sun.

It is a perfect setting to wrap oneself in silk house-gowns and coats.

One most common theme of Chinoiserie is birds. For this season we picked pheasant for our inspiration. In order to enhance the compositions of birds, we added a peach garden.

ROSE INDIEN

The view is very poetic when one looks at the autumn gardens from a house window.

Sweetening this seasonal moment with scented candles in the house brings even more joy.

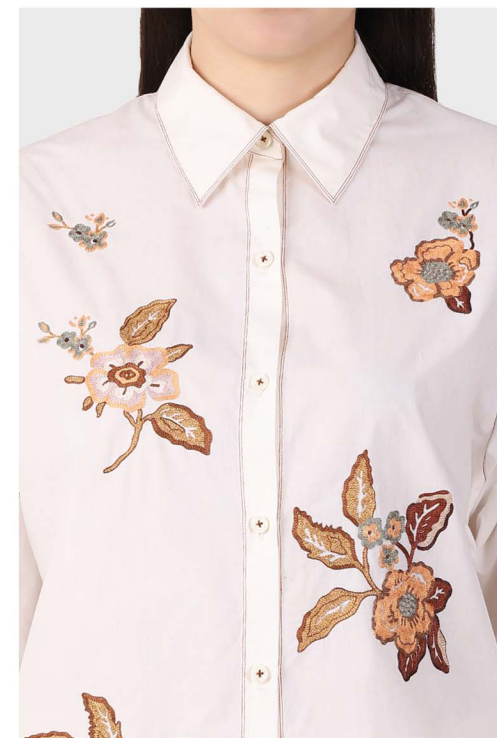

Decorating fire places and entrance doors with floral wreaths in autumn colours resonates with the festivities of Winter.

Romance, poesie and winter festivities is the mood for this theme.

PECHEUR

In autumns the sun is soft and the temperature is sweet.

It's a perfect occasion to go for some autumn suited adventures.

One such adventure to spend an entire afternoon is fishing.

Taking inspirations from various paintings around this theme and transforming them as an artwork in Toile de Jouy style. We chose Toile de Jouy to recall the upholstery details found in French countryside houses.

This theme is mixed with checks like embroidery to amplify the winter touch to the collection.
